## NOTES

The SimpleLines shawl is knit in a simple pattern repeat from the bottom tip up to the wider neck edge. It is knit by increasing a stitch on each edge of every right side row. Once the desired width and height is reached, the shawl is completed.

The width and height on SimpleLines can be easily adjusted by increasing (or decreasing) the number of repeats knit.

The clean and airy design of SimpleLines shows off the beauty of the yarn and stitches.

Gauge in linen can vary with heat and humidity. The gauge for SimpleLines is not crucial because the width and height can be adjusted.
